Fuel Surcharge

Except as otherwise provided, services and contracts governed by this Tariff will be subject to a fuel surcharge based upon the following: The cost per gallon will be calculated by using the Energy Information Administration of the Department of Energy national average cost of fuel on the first working day of each week and any changes in the fuel surcharge will become effective Friday of the same week. The amount of the fuel surcharge will be as depicted in the table below. *Note: the same formula will apply if cost of fuel exceeds table.
